4. Describe the action steps the school/district will take to reduce the opportunity gap in student possession of ASB cards and/or participation in extracurricular activities for the up coming school year.

Our goal is to get to as close as possible to 100% participation in extracurricular activities. In order to reduce the participation gap we will continue to communicate directly with students and their families about potential barriers. We will also continue to evaluate adding new clubs and sports offerings. As an example, golf was added as a sport and soccer was added as a club in the spring of 2022.
